

MUHAMMED FASIL PV

Senior Full-Stack Engineer | Applied AI & Enterprise Systems

Dubai, UAE | faztrick@gmail.com | +971 555923545
<https://linkedin.com/in/faztrick> | <https://github.com/faztrick>

PROFESSIONAL SUMMARY

Senior full-stack engineer with 12+ years of experience delivering enterprise applications, retail systems, and AI-enabled software. Hands-on across React, TypeScript, Node.js, Python, and Flutter, from user interfaces and APIs to offline synchronization, cloud deployment, and device integration. Recent projects combine AI-assisted sales calling, lead management, speech transcription, and speaker diarization. Based in Dubai and open to senior full-stack and applied AI opportunities.

TECHNICAL SKILLS

Application development: React, TypeScript, JavaScript, Node.js, Python, Flutter, Dart, C#, Kotlin

AI and speech: Whisper, WhisperX, PyTorch, pyannote.audio, Speaker diarization, OpenAI, LangChain, YOLO

Architecture and APIs: MVVM, MobX, REST APIs, Flask, Offline-first synchronization, MQTT, Android AIDL

Data and infrastructure: Redis, PostgreSQL, MySQL, MongoDB, Firebase, Hive, Docker, Linux, Azure, GCP, Nginx, PM2

Real-time and calling: WebRTC, SIP, Socket.IO, CRM workflows, AI-assisted sales campaigns

PROFESSIONAL EXPERIENCE

Software Engineer | Idol Technology LLC

Aug 2024 - Present | Dubai, UAE

- Developed retail ERP modules spanning POS, queue management, IoT automation, and AI vision for multi-branch operations.
- Built offline-first queue management using Flutter, Node.js, Hive synchronization, MQTT events, and branch dashboards.
- Integrated YOLO-based self-checkout detection with Android AIDL hardware control and LED/GPIO feedback.
- Designed MySQL-Hive synchronization and WireGuard connectivity for distributed store systems.

Senior Software Engineer | Scretl Info Pvt Ltd

Apr 2019 - Jan 2024 | India / UAE

- Delivered SincA ERP applications with Flutter and Node.js, Python analytics, and modular backend APIs.
- Built AI dashboards, OCR capabilities, and WhatsApp/Telegram automation for operational workflows.
- Containerized services across local and cloud environments; mentored distributed teams in architecture, DevOps, and MVVM.

Software Developer | Sincap Info Pvt Ltd

Mar 2014 - Mar 2019 | Calicut, India

- Developed enterprise ERP and billing systems using WPF/C#, PHP, and MySQL.
- Improved database queries, caching, and reporting modules for solutions delivered to 50+ enterprise clients.

MUHAMMED FASIL PV

Selected engineering work

AI SALES CALLING & LEAD MANAGEMENT PLATFORM

A sales and calling workspace combining lead/contact management, browser-based calling, AI-assisted campaigns, live call tracking, and post-call reporting.

- Developed React and MobX MVVM interfaces for lead workflows, calling, organization management, and reporting.
- Integrated Flask APIs, WebRTC/SIP calling, real-time events, and PostgreSQL-backed application data.

Technologies: React, MobX, MVVM, Flask, WebRTC, SIP, PostgreSQL, Redis, Socket.IO

SPEECH TRANSCRIPTION & ANALYSIS PLATFORM

An audio and video transcription workspace with speaker diarization, time-aligned playback, searchable transcripts, and multiple export formats. A React interface connects to Flask services running local speech and audio models.

- Built a React interface for file-based transcription, playback synchronized to transcript segments, and export workflows.
- Integrated Flask services with Whisper, WhisperX, and pyannote.audio for local transcription and speaker diarization.

Technologies: React, Vite, Flask, Whisper, WhisperX, PyTorch, pyannote.audio, WaveSurfer.js

IDOLMEA ERP

Enterprise retail platform integrating POS, QMS, IoT automation & AI analytics for 50+ GCC branches

Technologies: Flutter, Node.js, Docker, MySQL, MQTT

AI SELF-CHECKOUT KIOSK

YOLO-based self-checkout detection with LED/GPIO feedback via Android AIDL interface. Showcased with Idol at GITEX Dubai 2024 and 2025.

Technologies: Android, YOLO, AIDL, Kotlin, Python

HYBRID SYNC ENGINE

Offline-first MySQL ↔ Hive delta tracking with conflict resolution & auto recovery

Technologies: MySQL, Hive, Node.js

EDUCATION

Diploma in Computer Engineering

JDT Islam Polytechnic, Calicut, Kerala, India | Jun 2010 - Mar 2013

ADDITIONAL HIGHLIGHTS

- GITEX Dubai 2024 and 2025: AI self-checkout and QMS showcase
- 50+ enterprise clients across retail, healthcare & hospitality
- Led cross-location teams with CI/CD & Docker pipelines
